

# PRIMETEX

## SURFACE MATTERS OF PRIMETEX

Follow these simple but important guidelines to ensure your Gerflor Primetex flooring maintains its good looks with minimal effort.

### MAINTENANCE

For everyday maintenance, use a soft broom or damp mop.

### CLEANING

To clean Primetex use a neutral floor cleaning detergent with water and rinse thoroughly.

### STAINS

Most stains can be removed using a damp cloth and Eucalyptus Oil. Solvents and ammonia based cleaners will damage your floor. Do not use these products.

Rubber leaves indelible stains on vinyl floorings. Avoid placing waxed or rubber products in prolonged contact with your Primetex floor.

Replace wax or rubber castors on the end of furniture legs with plastic or nylon ends or protect the floor with felt pads.

### GUARANTEE

Gerflor Primetex carries a 12\* year manufacturers guarantee. Should you require and further information, contact Gerflor Customer Service on 1800 060 785.

\* Primetex 0711 Gravel Beige and 0721 Gravel Grey carry an 8 year warranty due to a different surface treatment. However, they are maintained in the same way.
